OBJECTIVE

Seeking a challenging summer internship in User Experience (UX) Design or Front End Engineering, leveraging my strong foundation in design and creative problem-solving skills. Eager to contribute my expertise in tools such as Figma, Adobe XD, and JavaScript, along with my desire to learn new skills used in the industry. Committed to applying my knowledge to enhance user interactions and create visually appealing and intuitive digital experiences.

Available to work: June 17, 2024 to September 20, 2024

TECHNICAL SKILLS

User Experience (UX): Figma, Adobe XD, Photoshop, Illustrator

Dev Tools: VS Code, Git, GitHub, IntelliJ, Adobe Dreamweaver

Adobe Suite: Photoshop, Illustrator, After Effects, Premiere Pro, Dreamweaver, XD, InDesign

Languages: JavaScript, HTML, CSS, Java

Frameworks/Libs: jQuery, Bootstrap, p5.js
